WE'VE GOT YOUR BAG

## ABOUT BURKELY

BURKELY was established in 1988 by a family-run company that celebrates over 75 years of experience in the leather industry. As a third-generation family-owned company, we are proud of our rich heritage and excellent know-how. Our expertise in leather craftsmanship has been passed down and cultivated from grandfather to son and now to grandson. For years, BURKELY was one of the few leather companies producing goods in the Netherlands; but in 1993, our founders travelled the world to find the best leather craftsmen. With a great history in leathercrafts and passionate artisans, India perfectly met our requirements.

We've bundled our joints by colliding the Indian craftsmanship with our devoted Dutch designers to create products that honour the art of leathercraft. We consider all our employees and business partners as extended family, who all contribute to the success of BURKELY. We feel the need to make a difference by bringing smiles to peoples' faces. That is why we believe in building long-lasting, joyful relationships across the globe. We stay in close contact with our partners daily and visit each other frequently. We show our commitment by helping each other grow and display our involvement by supporting each other. These gestures show how our business partners are genuinely part of our family. Togetherness and inclusivity also are strong pillars of our BURKELY team. We work hard but also play hard together to achieve our goals. Without our devoted workforce committed to joining forces, BURKELY would not be what it is today.

# THE COLLECTION

## AUTUMN WINTER 2023/2024

At times of global uncertainty, we grab onto common humanity for comfort. We seek solace in spiritual worlds to find meaning, faith and answers; and find strength through a shared language of words, symbols, and rituals. We dive into the mystics of the universe to align ourselves with nature and the cosmos, looking to the moon and stars for guidance and enjoying the darkness's stillness to reconnect with ourselves.

This collection is inspired by the mysticism of nature & mysteries of the night, where we keep all secrets unseen by the sun; and where dreams come to life as nocturnal nature awakens and fantasies are manifested as its flora and fauna bloom under the midnight moon. Looking into the universe as night, we find unity and oneness in the cosmic insignificance. With this collection, we present novelty through a beautiful range of high-quality bags that cannot wait to capture the light of day, full of unexpected new silhouettes in an unobserved colour range portraying luminescent colours to bring light to the moody dark shades embracing our shadows.

Our heritage lies within over 75 years of true craftsmanship, our success in producing timeless bags for every time of day, and our vision of doing the right thing. With an abiding love for the world's wonders, we create bags that can carry the light of day, produced with great respect for nature and humanity. It is no mystery that our durable designs stand the test of time through everlasting styling that is simple yet not simplistic. Made from handpicked heirloom qualities and with well-considered details, each bag is made to last a lifetime. With plenty of space and pockets to keep all your belongings, you can enjoy our bags worry- and hassle-free. At BURKELY, we've got your bag!

## COOL COLBIE

Our well-loved Soft Hunter leather has been our seasonal success story for years. The beauty lies within the natural hues and traits of the hide, which makes every bag unique. The plain decorative seams playfully interrupt the beloved 3D crocodile print. The new styling of the structured silhouettes is executed in earthy mystic tones like our new favoured "Bitter Brandy" and "Forest Green", finished with romantic dark brass BURKELY branded trimmings enriching our iconic bags. Those taking a second glance will be surprised by our lucky cheetah mascot travelling along on the phone pockets inside the bags. Our trusted selection of work-related bags with plenty of pockets for various devices is excellent for the commuters amongst us. In contrast, the new Baguette Bag is a must-have for those roaming the dark hours for some eventide extravagance. This range will always offer you any bag for any memorable moment!

### SOFT HUNTER LEATHER

This everlast in our collection is a wax base full-grain cow leather with an unfinished open structure. You will find that your bag will age beautifully and genuinely get prettier the more you use it. The leather becomes smoother and softer while it stores memories of your experiences. We love the 'patina' created by the natural ageing process, encouraging you to allow the bag to get more characteristics over time. However, to ensure you can enjoy this bag for the maximum length of time, we recommend you treat the bag with a carbon wax spray. This spray nourishes the leather and provides optimal protection against moisture, oil and dirt.

The backpack hobo is versatile and great for any moment of the day, yet our cherished Citybag is the perfect companion for night owls on a stroll. . Mysterious dusky hues like 'Wicked White' and 'Burnt Black' and 'Cosmic Cognac' float straight from the cosmos to the terrain, where delicate tones like 'Tigereye Taupe' speaks to the immense healing strength of grounded minerals. ## JUST JOLIE

At BURKELY, we never change a winning team; we just improve it. Just Jolie has been our absolute go-to for years, yet this year we enhanced the leather characteristics making it even more durable. The soothing soft feminine shapes are casual and contemporary yet elegant. Combining the calming smoothness of butter-soft leather with voluptuous volume, Just Jolie brings comfort created by pleasing pleats. Gentle aesthetics complement seasonless tones like the gloomy 'True Blue' and illuminating 'Whirly White'. This season's new neutral 'Kind Khaki' is indefinably easy to combine. The pared-down styling with silent seams allows subtle satin black trimmings to shine and inside pearlized leather to shimmer. The cherished Backpack Hobo is multipurpose and great for any occasion, whereas our new Backpack 15" 6 is perfect for workdays. Our designers favour the new Bowler Bag, which can be worn as a handbag as well as crossbody and stores surprisingly much. Which one is your favourite?

### SOLID SOFTY

This new and improved full-grain cow leather upgrades our long-loved bestselling range. By drum dyeing and finishing the leather more thoroughly, we have kept the softness and lure yet made colours more uniform, vivid and longer lasting. The finished surface gives it a smooth and soft feel with a slightly glossy effect making it easy to clean. With the proper care, you can easily extend the beauty and longevity of your BURKELY bag. Due to the natural aspect of our products, we always advise you to protect your bag from prolonged exposure to water, direct (sun) light and heat. Always store your bag in the complimentary dust bag we provide inside your bag upon purchase. We recommend treating your bag with a carbon wax spray for optimal protection against moisture, oil and dirt and an additional neutral leather cream to nourish and revive the colour when desired.

## NOCTURNAL NOVA

Continuing our magical journey through our landmark autumn-winter collection, Nocturnal Nova is defined as our chic mystique jewel. Inspired by gorgeous gemstones, the structured multifaceted silhouettes in nightly floral shades like "Petal Pink" and "Gaia Green". Hues that enlighten against the dark gun metal trimmings that give a lurid luxury finish that's anything but humble. The "Basalt Black" and "Citrine Cognac" are rock-solid immutable shades. Our designers' favourite is the Hexagon Citybag, bringing an enchanting elegance for the more daring vixens amongst us, whereas the clutch is a perfect classic charm around anyone's wrist. Take a peek inside the bag, and you'll be charmed by our signature lucky cheetah mascot lining. Silent sophisticated details allow the carefully selected materials to impact. Understated design details allow the carefully chosen materials to stand out. Self-indulgence becomes easy when it is guilt-free. Be wise and invest in one of our durable plant-tanned bags.

### JB VT

As a modern heritage company, we believe it is our responsibility to consider the welfare of our planet as part of our product development process. That is why sourced this Vegetable Tanned leather from a tannery certified by the Leather Working Group, which evaluates the compliance and environmental performance of leather manufacturers.
