ABOUT BURKELY

BURKELY was established in 1988 by a family-run company celebrating over 75 years of experience in the leather industry. As a third-generation family-owned company, we are proud of our rich heritage and excellent know-how. Our expertise in leather craftsmanship has been passed down and cultivated from grandfather to son and now to grandson. For years, BURKELY was one of the few leather companies producing goods in the Netherlands; but in 1993, our founders travelled the world to find the best leather crafts persons. With a great history in leathercrafts and passionate artisans, India perfectly met our requirements.

We've bundled our joints by colliding the Indian craftsmanship with our devoted Dutch designers to create products honouring the art of leathercraft. We consider all our employees and business partners as extended family who contribute to the success of BURKELY. We want to make a difference by bringing smiles to peoples' faces. That is why we believe in building long-lasting, joyful relationships across the globe. We stay in close contact with our partners daily and visit them frequently. We show our commitment by helping each other grow and display our involvement by supporting one another. These gestures show how our business partners are genuinely part of our family. Togetherness and inclusivity also are vital pillars of our BURKELY team. We work hard but also play hard together to achieve our goals. Without our devoted workforce committed to joining forces, BURKELY would not be what it is today.

'Every day, we work with passion, devotion, and craftsmanship to create the perfect bag: A bag of the highest quality, made from rich, sustainable materials and with just enough space for all your belongings - The perfect stylish bag that has room for everything you'll need and is hassle-free. In other words: we've got your bag.'

At BURKELY, we see a bag as an addition to your daily life. Our designs are timeless, stylish, and in line with your pace. Whether you need a key cord to keep your keys in place or extra space for your laptop, we have your bag to carry all your essentials! We produce our products with respect for nature and humane working conditions with our passionate team of designers, lifelong partners, and craftsmen. As an inclusive brand, we offer bags suitable for everyone and any occasion. With our great variety of bags with plenty of space and pockets to keep all your belongings, you can enjoy our bags worry- and hassle-free. At BURKELY, WE'VE GOT YOUR BAG!

THE COLLECTION

AUTUMN WINTER 2024/2025

"Remember this... develop a sense of nostalgia for something, or you'll never figure out what's important." Gary Shteyngart

As the nights draw in and the temperature begins to drop, we find solace in the arms of nostalgia, a timeless human mechanism that wraps us in warmth. In these moments, we long for the known and cherished. Reminiscing warm memories of the past gives us a break from today's overwhelmingly dynamic reality, a sweet escape into the cocoon of cherished memories, the tranquillity of days gone by.

Being hopeless romantics at heart, we wanted to create a range of products with a heart and soul that one can expect from a family company, with designs that are foreign yet so familiar. This BURKELY collection is inspired by the unbreakable bonds of family and pays homage to the craftsmanship & know-how passed down through generations. We've blended our brand's heritage with nature's finest materials, weaving stories into every fibre, resulting in unique handcrafted pieces that will stand the test of time. These bags are not mere accessories; they are vessels, storing your memories, tales, and traditions, evolving gracefully with the passage of time. They are family heirlooms, destined to be cradled by the hands of your loved ones in the years to come.

Our commitment reaches beyond good designs; it extends to worry-free purchases and a sustainable future. Sustainability, for us, isn't a boast; it's an integral part of who we are. With transparency as our guiding light, we nurture relationships with our suppliers, treating them as extended family. That is why every producer we work with is BSCI certified, ensuring the protection of workers' conditions and rights. With nature as our ultimate muse, we dedicate part of our collection to leathers sourced from tanneries certified by the Leather Working Group (LWG), promoting sustainable environmental practices in the leather industry.

Crafted with care for the environment and the hands that make them, our bags provide plenty of space and pockets to keep all cherished belongings so you can enjoy our bags worry- and hassle-free. So let's make some memories together. At BURKELY, we've got your bag!

NATURAL NORAH

In a world that chases after perfection and where flawlessness can be bought, we find charm in genuine natural products that look vivid and are meant to last a lifetime. Genuine leather is a remarkable material that embodies authenticity, uniqueness, and enduring quality. It undergoes a meticulous process to become the versatile and cherished material we know that distinguishes itself from unsustainable synthetic alternatives. The beauty of our brand-new Natural Norah range resides within the materials. The subtle details, such as the silent seams and the personal touch of decorative hand-stitch details alongside our natural embossed branding, reflect the care and craftsmanship of their creators. Our collection comprises straightforward, honest, timeless pieces like the beloved multipurpose backpack hobo. Each item is thoughtfully designed for practicality, featuring additional interior and back pockets to keep your essentials easily accessible. In addition to the classic palette of essential hues, we jumped for joy with refreshing colours, "Yolk Yellow" and "Poppy Pink," brightening even the greyest days.

NATURAL DYED

Our drum-dyed full-grain cow leather undergoes a unique washing process, creating distinctive colour shading that adds character to each bag. The smooth, soft finish with a subtle glossy effect is easy to clean and makes each piece unique. Due to its open nature, this leather benefits from extra protection against water, direct sunlight, and heat. To care for your bag, store it safely in a cabinet or soft dust bag, enhancing its longevity and beauty. We recommend treating it with a carbon wax spray for optimal protection against moisture, oil, and dirt. You may use neutral leather cream to nourish and revive the colour when desired. Give your BURKELY bag the attention it deserves, and relish in the enduring beauty of its unique leather craftsmanship.

COOL COLBIE

For BURKELY, durability is captured in longevity and creating products that stand the test of time. Our Soft Hunter leather has been a favourite for years, embodying the essence of cherished memories and timeless bonds. Each bag, crafted with care, tells a unique story through its natural hues and distinctive traits. Subtle decorative plain seams reminisce of traditional craftsmanship and add a playful charm to our ever-popular 3D croco print. The classic structured shapes come in warming winter neutrals like "Forest Green" and "Bold Brandy" finished with brushed nickel BURKELY branded trimmings for a contemporary touch. In the spirit of the festive season, we've introduced a new metallic shade, 'Simply Silver,' perfect for our Envelope Clutch and Handbag Small. Those taking a second glance will be surprised by our lucky cheetah mascot travelling along on the phone pockets inside the bags. Our trusted selection of work-related bags with plenty of pockets for various devices is excellent for the commuters amongst us. No matter what the occasion, this range has a bag for every memorable moment.

SOFT HUNTER

Our Soft Hunter bags are companions on life's journey. Crafted from high-quality waxed cow leather, they acquire a unique texture and character with each use, developing a beautiful patina over time by storing your memorable moments. To preserve the legacy of your bag, we recommend you keep it in a dustbag or cabin to avoid overexposure to sunlight. Using a carbon wax spray protects the leather from moisture, dirt, and oils and nurtures it, allowing it to age gracefully. This way, your bag will become a unique & cherished heirloom enriched with your stories & adventures.

RADIANT RAEVEN

After a period of quiet and silence, we all feel the urge to bang out. Picture yourself strutting through the dark winter days with bags in vibrant 'Occult Orange' and 'Goblet Green.' For an added touch of cosmic flair, there's 'Stardust Silver,' perfectly elevating our practical hobo or workbag to redefine your everyday look. The phone bag or clutch, on the other hand, becomes your ideal companion during those nighttime strolls. The lapped seams on the front adorned with hand-painted contrast black edging bring balance to the supple soft silhouettes, creating an edgy yet elegant daily aesthetic. Ominous gun metal eyelets & rings, paired with our black all-over printed lining, are a subtle nod to the rebellious punk era, all while maintaining a fresh, feminine, and sophisticated allure. Ready to rock your new favourite BURKELY bag? Whatever the moment or style, we've got your bag!

SAVAGE

This smooth pigmented cow leather has a slight natural sheen and a subtle grain effect. Thanks to the coated colouring process, the leather is well-protected and user-friendly. Any spots or stains can be removed with a damp cloth, and the leather does not need much care and maintenance. To optimise the longevity of your bag and optimal protection against moisture, oil and dirt, we recommend treating it with a nourishing carbon wax spray.

Every blemish is a unique testament to genuine leather's authenticity, celebrating nature's perfect imperfection. Just like your own skin, you can easily extend the beauty and longevity of your BURKELY bag by nurturing it with care. Please protect it from prolonged exposure to water, direct sunlight, and heat. Store it in a dry and dark place when not used, and treat it with a carbon wax spray for optimal protection against moisture, oil, and dirt. Nourish and revive its colour with a neutral leather cream when desired.

DISTRESS DEON

For some of us, the '90s and '00s were our formative years, which we look back on with nostalgia. For others, it is an inspiring fashion era where comfort meets rebellion, with space to express individuality and mix beloved vintage pieces with today's must-haves. Traces of living bring soul to products. Our brand-new Vintage Smoked leather exaggerates the passage of time and expresses the notion of prior use and existing love. Hand-finished by our artisans, each bag is a one-of-a-kind expression. The rounded shapes and delicate piping add a feminine touch to this headstrong, gritty style. Embark on a ride down memory lane with our bumbag—the ultimate Y2K statement piece. Meanwhile, our practical handbag elevates your everyday look with ease. The double shoulder bag showcases our creative versatility, offering at least five different ways to wear it, thanks to two types of shoulder straps and the option to pair them with rings.

VINTAGE SMOKED

This full-grain drum-dyed cow leather has received an additional colour finish, following a manual rub-off effect to create a distinctive true-to-life vintage look. We've basically preloved it for you, but rest assured, it only gets more beautiful with time as the leather becomes supple and highlights its natural grain. Just like our skin, leather thrives with a bit of care—store it away from direct sunlight, heat, or humidity when not in use. Extend the life of your BURKELY bag with a simple carbon wax spray, providing the nurture it deserves. Cherish the memories, live in the moment, and let your Distress Deon bag be your companion on this stylish journey through time.

MINIMAL MASON

Designed with the modern commuter in mind, this collection combines functionality with style, making it the perfect companion for your daily work-to-office and school travels. Next to evergreen shades like "Busy Black", "Custom Cognac", and "Great Green", the eye-catching "Really Red" colour is an absolute head-turner that gets you spotted from miles away. The BURKELY branding embossing adds a retro urban vibe, elevating your everyday look. With high-quality vislon zippers, your devices are safe from scratches so that you can easily take on the day. We have gone the extra mile to make your daily commute hassle-free with easy-to-access device compartments, perfect for securely storing laptops and tablets and added padded shoulder straps on the backpacks and shoulder pads on the crossbody styles for extra comfort. These planet-friendly leather bags are made with lower environmental impact leather from a Leather Working Group-certified tannery, so that is another way to ensure we guarantee worry-free travel. Wherever you go, we've got your bag. So what's keeping you? Be bold, be brave, and pick your favourite!

(TWO-TONE) SAVAGE

This two-tone smooth cow leather is the perfect match for your on-the-go lifestyle. With a subtle natural sheen and a touch of grain, it's the ideal balance of style and practicality. The coated colouring process means it's super easy to clean - wipe away any spots or stains with a damp cloth, and you're good to go! There is no need for constant maintenance here. But if you want to keep your bag in tip-top shape, we recommend giving it a little love with a nourishing carbon wax spray. That'll help it stay protected from the elements, so you can commute confidently and enjoy your BURKELY bag for the length of days.
