# ABOUT BURKELY

BURKELY was established in 1988 by a family-run company celebrating over 75 years of experience in the leather industry. As a third-generation family-owned company, we are proud of our rich heritage and excellent know-how. Our expertise in leather craftsmanship has been passed down and cultivated from grandfather to son and now to grandson. For years, BURKELY was one of the few leather companies producing goods in the Netherlands; but in 1993, our founders travelled the world to find the best leather crafts persons. With a great history in leathercrafts and passionate artisans, India perfectly met our requirements.

We've bundled our joints by colliding the Indian craftsmanship with our devoted Dutch designers to create products honouring the art of leathercraft. We consider all our employees and business partners as extended family who contribute to the success of BURKELY. We want to make a difference by bringing smiles to peoples' faces. That is why we believe in building long-lasting, joyful relationships across the globe. We stay in close contact with our partners daily and visit them frequently. We show our commitment by helping each other grow and display our involvement by supporting one another. These gestures show how our business partners are genuinely part of our family. Togetherness and inclusivity also are vital pillars of our BURKELY team. We work hard but also play hard together to achieve our goals. Without our devoted workforce committed to joining forces, BURKELY would not be what it is today.

# THE COLLECTION

## SPRING/ SUMMER 2024

In today's fast pace and chaotic world, we feel the need to destress ourselves by slowing down and easing into a less but better approach to design. There is no easier way to streamline your daily routine than to allow yourself a wardrobe full of timeless pieces you'll gladly wear over and over again. Also, there is no better way to celebrate yourself than immersing yourself in what feels good. You do not need to show off in abundance. You are already perfect as you are, even a deity in jeans and a t-shirt. With this luxury of self-restraint in buying the right essentials, you will also essentially do the right thing for our planet.

At BURKELY, essentialism is embraced in everlasting and minimalistic styling details that are simple yet not simplistic. We prioritise classic fashion over fading trends through timeless styles and carefully curated materials. With proper care, these bags can last a lifetime, so we even give a five years warranty. This summer's palette of gentle neutrals is inspired by the hues presented by the returning rhythm of nature. No buyer's remorse here. This way, your BURKELY bag will never go out of style. Surely we like to also bring some joy through a little pop of energising red and illuminating silver because we believe a smile is the prettiest thing you can wear.

We are committed to worry-free purchases as much as we love good designs bringing smiles. Sustainability has never been something we flaunt. Instead, we see it as a standard practice integrated into our day-to-day work. Together with our lifelong partners, we choose to work honestly and transparently. That is why all of our producers are BSCI certified, ensuring our worker's conditions & rights are protected. And with nature as our absolute source of materials, it is essential for us to give back. That is why the majority of this collection is created with leathers sourced through tanneries certified by the Leather Working Group (LWG). This organisation is dedicated to promoting sustainable environmental practices in the leather industry, and we are proud to support its mission.

Produced with great respect for nature and humanity whilst providing plenty of space and pockets to keep all belongings, you can enjoy our bags worry- and hassle-free. So here's to raising the bar on stylish essentials this summer season and investing in the timeless, long-lasting pieces you'll love for years. At BURKELY, we've got your bag!

# KEEN KEIRA

Smart girls know that dressing sensibly doesn't have to mean sacrificing style. As we become more conscious of durability and the scarcity of materials, sensible consumption is on the rise. That's why we've created Keen Keira - a collection of timeless silhouettes that transcend fast-fading trends. Our sleek, minimalistic shapes embrace elegance and refinement, focusing on a classic-chic style that will endure for years. The colour palette includes the ever-lasting basics of "Burnt Black" and "Clever Cognac", as well as the vibrant botanical hues of "Petal Pink" and "Grove Green" - perfect for adding a summery touch to any outfit. The structured silhouettes are crafted from iconic pebble leather, with VT leather borders that add a touch of sophistication. The light gold BURKELY logo hardware adds the finishing touch, while the hand-painted contrast black edges and shoulder straps add understated elegance. Take a peek inside the bag, and you'll discover our signature lucky cheetah mascot lining - a charming detail that will brighten your day. At BURKELY, we're committed to reducing our ecological footprint, so we source our leather from Leather Working Group-certified tanneries. So indulge in one of our durable, evergreen bags - guilt-free.

## PEBBLE & TASCO VT

The grain texture gives this leather depth and character, and it's also renowned for its consistent quality, durability, and resistance to wear and tear. The Tasco VT leather used in our products is tanned with natural tannins derived from plant and tree species and without harmful chemicals. This creates unique colours that may vary per skin, giving you a one-of-a-kind product. We want you to enjoy your durable, BURKELY product for the ultimate length of days, which is why we use only the most long-lasting materials. With a relatively low-maintenance routine, simply cleaning your leather bag with a damp cloth will do the trick. However, clever caring will prolong the life of your beloved product. We recommend treating it with a pro spray for optimal protection and assurance that your leather bag will last for years. This will not only help to protect it from daily wear and tear but also ensure it stays in mint condition for every elegant occasion.

# SOFT SKYLAR

In a world of fast fashion and mass production, craftsmanship is becoming more scarce. Soft Skylar takes a nature-to-closet approach where contemporary design meets workwear. We embrace the perfect imperfections of natural materials and appreciate time-honoured skills. Handmade cut-and-sewn constructions give a refined workwear attitude that is anything but mundane. The leather branding patch is a 'basic fancy' approach to a more utility-driven design, while our BURKELY overall embossed phone pockets showcase the natural beauty of leather. Our shoulder hobo gives a nonchalant look and provides amazing space for your belongings. And if you like to travel light, our Phone Wallets are a must-have, with the added versatility of 3-way straps that let you wear them as a clutch. True-to-nature colours like 'Gentle Grey' and 'Cozy Cognac' are versatile colours that never go out of style. Just like your essential jeans and white tee, these bags belong in your capsule wardrobe. With respect to nature, we carefully selected materials from a Leather Working Group-certified tannery. So with your purchase, you invest not only in a timeless and expertly crafted bag, but you are also making a conscious choice to support a more responsible and ecological approach to leather production.

## NATURAL MELLOW

At BURKELY, we believe in the beauty of nature, allowing our bags to beautify with the passage of time as it stores all your memories. To allow this, we naturally drum-dye this leather with only adding a minor surficial corrective finishing as we prefer to celebrate the perfect imperfections that we all know from our own skins. Natural blemishes are an inimitable verification of genuine leather and should therefore be seen as evidence that nature is naturally perfect. Shade variations are inevitable proof that every skin is unique and absorbs dyes differently. Just like your own skin, you can easily extend the beauty and longevity of your BURKELY bag by nurturing it correctly. Due to the natural aspect of our products, we always advise you to protect your bag from prolonged exposure to water, direct (sun) light and heat. Always store your bag out of direct sunlight and treat your bag with a wax spray for optimal protection against moisture, oil and dirt and pamper it with neutral leather cream to nourish and revive the colour when desired.

# ROCK RUBY

From time to time, we all need a little rebellion. Our new prominent Rock Ruby collection celebrates the contrasting energies inside a woman — the fierce and the vulnerable. Inspired by our fast-paced world, we've infused these bags with bold racing colour palettes, including empowering shades of "Rocky Red" and invigorating "Wheely White," along with timeless black. The exposed duo finish gun metal and brushed nickel zipper pockets not only make a statement but also add practicality. Our signature BURKELY logo-mania lining adds a motorcycling vibe to complete the look. With gentle soft shapes and slim elongated zip pullers, these bags give your everyday outfit an edgy yet modern minimalistic twist. The Wide Hobo is perfect for those who want to make a statement without sacrificing comfort. The Bowler Bag is an absolute must-have for those looking for effortless sophistication and an iconic look that never goes out of style. And for those who want to take it up a notch, the "Speedy Silver" bag is the ultimate statement piece to cherish now and forever. But don't be fooled by their tough exterior – these planet-friendly leather bags are made with lower environmental impact leather from a Leather Working Group-certified tannery. Are you ready to rock one of these new all-time favourites? Then warp your way to your favourite BURKELY store!

## SAVAGE

This smooth pigmented cow leather has a slight natural sheen and a subtle grain effect. Thanks to the coated colouring process, the leather is well-protected and user-friendly. Any spots or stains can be removed with a damp cloth, and the leather does not need much care and maintenance. To optimise the longevity of your bag and optimal protection against moisture, oil and dirt, we recommend treating it with a nourishing wax spray.

# COOL COLBIE

We believe in quality and longevity. That's why our Soft Hunter leather has been a fan favourite for years. The beauty of this leather is in its natural hues and traits of the hide, making each bag unique. The ever-popular 3D crocodile print has been playfully interrupted with plain decorative seams. The structured shapes come in summer-ready neutrals like "Natural Nude" and "Chalk White," finished with brushed nickel BURKELY branded trimmings for a contemporary touch. Those taking a second glance will be surprised by our lucky cheetah mascot travelling along on the phone pockets inside the bags. Our trusted selection of work-related bags with plenty of pockets for various devices is excellent for the commuters amongst us. The new Shopper Mini and Bucket bag are perfect for a casual brunch or shopping trip. No matter what the occasion, this range has a bag for every memorable moment.

## SOFT HUNTER

This bag is crafted from high-quality waxed cow leather with an authentic and natural look. The leather's open structure gives it a unique texture and provides a one-of-a-kind feel. As you use the bag, it will develop its own character, becoming softer and smoother with each use. The natural ageing process of the leather creates a beautiful patina, which adds to its charm and uniqueness. To keep your bag in top condition, we recommend using a wax spray to nourish and protect the leather from moisture, dirt, and oils. This will help ensure you can enjoy your bag for years, knowing it is well-protected and taken care of.

## RENO LEATHER

At BURKELY, we believe that sustainability is not just a trend but a way of life. That's why we take pride in working with LWG-certified tanneries, ensuring that our production meets strict environmental and ethical standards. Our latest collection features smooth pigmented cow leather with a subtle grain effect and a slight natural sheen, giving it a touch of elegance. To ensure that your bag lasts for years, we recommend treating it with a pro spray for optimal protection against stains and other damage. So not only are you investing in a stylish and durable accessory, but you're also doing your part in supporting a more responsible and planet-friendly leather production. With proper care, your BURKELY bag will be a lifelong companion you can feel good about.

# MINIMAL MASON

Designed with the modern commuter in mind, this collection combines functionality with style, making it the perfect companion for your daily work-to-office and school travels. Next to evergreen shades like "Busy Black", "Custom Cognac", and "Great Green", the eye-catching "Really Red" colour is an absolute head-turner that gets you spotted from miles away. The BURKELY branding embossing adds a retro urban vibe, elevating your everyday look. With high-quality vislon zippers, your devices are safe from scratches so that you can take on the day with ease. We have gone the extra mile to make your daily commute hassle-free with easy-to-access device compartments, perfect for securely storing laptops and tablets and added padded shoulder straps on the backpacks and shoulder pads on the crossbody styles for extra comfort. These planet-friendly leather bags are made with lower environmental impact leather from a Leather Working Group-certified tannery, so that is another way for us to ensure we guarantee worry-free travel. Wherever you go, we've got your bag. So what's keeping you? Be bold, be brave, and pick your favourite!

## (TWO-TONE) SAVAGE

This two-tone smooth cow leather it's the perfect match for your on-the-go lifestyle. With a subtle natural sheen and a touch of grain, it's the ideal balance of style and practicality. The coated colouring process means it's super easy to clean - wipe away any spots or stains with a damp cloth, and you're good to go! No need for constant maintenance here. But if you want to keep your bag in tip-top shape, we recommend giving it a little love with a nourishing wax spray. That'll help it stay protected from the elements, so you can commute confidently and enjoy your BURKELY bag for the length of days.
